

NOW HIRING: Education Data Consultant START DATES: Immediate

Public Impact is a national education policy and management consulting firm based in Chapel Hill, N.C. Our mission is to improve education dramatically for all students, especially low-income students, students of color, and other students whose needs historically have not been well met.

We are a team of professionals from many backgrounds, including former teachers. We conduct research to understand what leads to better outcomes, and we develop and implement innovative solutions to create dramatic improvements for children. We apply our research and solutions by advising leading philanthropists, designing and implementing new initiatives for policy and education leaders, and advising other change agents in education. We partner with teachers and other leaders to implement changes that will help the students they serve. Major current areas of work include these:

- Teachers and leaders: extending the reach of excellent educators and teams, teacher-leadership, career paths and pay, paid residencies, selection, evaluation, and leadership.
- Charter school excellence, innovation, authorizing, and growth of excellent organizations.
- School turnarounds, excellent diverse schools, finance, accountability and other topics.
- See all of our work at publicimpact.com and www.opportunityculture.org

Role:

- Conduct/lead quantitative research/analysis in education and other sectors.
- Develop robust methodologies that communicate results in simple and meaningful ways to non-technical audiences.
- Carry out statistical analyses to evaluate district-, school-, and student-level educational outcomes.
- Interpret diverse methodologies and data sources.
- Produce excellent technical work that impacts the field positively.
- Facilitate design, implementation, and evaluation of policy, management, and teacher role changes.

QUALIFICATIONS:

- Graduate degree and 1-3 years of highly relevant experience (education, policy, economics, statistics, business or relevant consulting experience) or 5+ years with focus on quantitative data analysis.
- Advanced capability with Microsoft Excel (including managing large data sets, user interface design, analysis and visualization; macros a plus).
- Experience with Tableau, R, and Google Apps Scripts a plus.
- Demonstrated ability to collaborate in teams with diverse members.
- Demonstrated ability to lead and implement small to medium projects, with a bias for impact.
- Eager to give and receive feedback to produce outstanding work.
- Demonstrated ability to influence a wide variety of people and engage with others positively.
- Delighted to juggle multiple, demanding projects.
- Able to interpret research with level-headed, critical eye and grasp major concepts in field.
- Able to communicate complex ideas simply.
- Creative thinking.
- Teaching experience a plus.

LOCATION: Office in Chapel Hill, N.C., area with local work-from-home flexibility. Some travel nationwide.

PAY: Competitive with nonprofits and position readiness.
